Zeeshan Jamil

SENIOR FULL-STACK SOFTWARE ENGINEER | REACT & NODE.JS

Lahore, Pakistan | +92 302 4266315 | zeshanjamil47@gmail.com

linkedin.com/in/zeeshan-jamil-6929b3135

PROFESSIONAL SUMMARY

Senior Full-Stack Software Engineer with 5+ years of experience building web applications using React, Node.js, JavaScript and TypeScript. Specialized experience in trucking and transportation technology, including Electronic Logging Device (ELD) products, Hours of Service (HOS) workflows and FMCSA-related compliance features. Experience architecting applications, delivering complex features, integrating APIs, reviewing code, mentoring developers and collaborating with stakeholders across the software lifecycle.

PROFESSIONAL FOCUS

Full-stack web development; React and Node.js engineering; trucking and transportation technology; ELD and HOS product development; technical leadership and collaborative software delivery.

CORE TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript, Redux, React Query, HTML, CSS, Tailwind CSS, Material UI, Ant Design, Bootstrap

Backend: Node.js, Express.js, NestJS, REST API development and third-party API integration

Data & Tools: MongoDB, Git, Google Maps integration, charting and data visualization

Industry Expertise: Trucking and logistics applications, ELD, HOS, driver compliance workflows, FMCSA regulations

PROFESSIONAL EXPERIENCE

TekHQS | Senior Software Engineer

Mar 2022 – Present | Lahore, Pakistan

- Provide technical leadership to a full-stack development team, including code reviews, mentoring and promoting consistent engineering practices.
- Architect and develop maintainable React and Node.js solutions, delivering complex application features aligned with product and business requirements.
- Work on trucking and transportation software products, including Driverbook and LogELD, with a focus on HOS and driver-compliance functionality.
- Coordinate with stakeholders on technical requirements, implementation priorities, delivery progress and issue resolution.
- Participate in hiring and onboarding developers to strengthen team capabilities.

XevenSolutions | Software Engineer

Nov 2020 – Mar 2022 | Lahore, Pakistan

- Developed application interfaces in collaboration with UI/UX designers and integrated third-party APIs to support business workflows.
- Tested, debugged and improved application reliability across devices and platforms; collaborated with stakeholders on requirements and delivery.
- Contributed to applications for task management, team collaboration and healthcare.

SELECTED TRUCKING & LOGISTICS PROJECTS

Driverbook | Apr 2024 – Present

Driver-facing trucking application supporting Hours of Service (HOS) calculations and advance alerts for potential violations, helping drivers follow applicable FMCSA rules. mydriverbook.com

LogELD | Mar 2022 – Feb 2023

Electronic Logging Device (ELD) solution for transportation operations, supporting automated HOS recording and driver compliance workflows. logeld.com

ADDITIONAL PROJECTS

HRMS | Dec 2023 – Apr 2024

Human resource management solution. Worked with stakeholders to research requirements, identify key system features and incorporate feedback into product improvements. Project link

Q-Holding | Mar 2023 – Dec 2023

Project for a UAE investment group with interests in real estate, hospitality and diversified investments. Project link

EMFormance | Jul 2021 – Mar 2022

Task and project management platform supporting task lifecycles, goals, progress tracking and employee feedback. Project link

Vision Collab | Jan 2021 – Jul 2021

Planning and agile collaboration solution with workload management, day planning, HR and project management features. Project link

Health Care System | Nov 2020 – Jan 2021

Healthcare web application with frontend interface development and database-backed workflows. Project link

EDUCATION & TRAINING

Bachelor of Science (BS), Computer Science

Lahore Garrison University | 2016 – 2020 | Lahore, Pakistan

MERN Stack Training

EVS | Apr 2020 – Jul 2020 | Lahore, Pakistan

LANGUAGES

English | Urdu (native)
